The IoC-led Skills Bootcamps will connect 1,700+ people into employment

14 IoC partners are creating and delivering 26 Skills Bootcamps nationwide

Boost your employability in 16 weeks or less and fast-track to an interview upon completion

ABOUT SKILLS BOOTCAMPS

Skills Bootcamps are **flexible courses of up to 16 weeks**, giving people the opportunity to build up tech skills and **fast-track to an interview** with an employer. They are being developed by the Government as part of the Lifetime Skills Guarantee and Plan for Jobs, in partnership with employers, providers, and local authorities.

In addition to the Institute of Coding's (IoC) existing provision, which includes more than **150 university level digital skills courses**, IoC partners are designing and delivering **26 new Skills Bootcamps**.

Skills Bootcamps will be provided at **no cost for learners who meet the eligibility criteria** and are accepted by a Skills Bootcamp provider onto a specific programme. If you would like to see how a Skills Bootcamp could **help you boost your employability**, please visit our website to learn more.

TOPICS INCLUDE

-  Core digital skills
-  Data science
-  Software development
-  Artificial intelligence
-  Cybersecurity
-  And many more!
